

# STOP

## taking out the trash!

Instead let us do it for you.

Attention Apartment Managers! Add this NEW Doorstep Trash Pick-up Service by TrashPACK to your amenity list. Tenants will no longer run to the dumpsters, instead they will simply place their trash bags outside the apartment door during the scheduled pickup times and allow the Trash-PACK team do the leg work for them.

If you want more information and a quote for our services please feel free to call us.
